

14th INTERNATIONAL SOLAREX ISTANBUL SOLAR ENERGY AND TECHNOLOGIES FAIR FINAL REPORT

Solarex Istanbul Fair, which was held in the 9th, 10th and 11th Halls of Istanbul Expo Center between 7-9 June 2022, concluded with success.

Solarex Istanbul International Solar Energy and Technologies Fair, Turkey's first and only specialized fair in its field, successfully completed the organization by taking all measures in the shadow of the Covid-19 pandemic process that affected the world and our country. Foreign participants were not included due to the pandemic. It was an organization where professionals came together with a total of 212 participants, 169 of whom were domestic and 43 abroad, followed by a total of 33,735 visitors.

The desire of the solar energy producers operating in Turkey to increase their quality, to become a brand, to meet new markets and the success of Voli Fair in specific fairs played a major role in the sector's taking care of the fair and the fair was held successfully.

Turkey; With its rapidly increasing population, advantageous geography, and the contribution of advantageous geography to exports, it continues to develop worldwide. One of the most important sectors taking action in our country is undoubtedly the solar energy sector. The developments, innovations and exemplary solidarity of the sector in the solar energy sector in recent years have been the factors that have positively affected the solar energy sector.

All members of the industry, including manufacturers, consumers, buyers, installers, domestic and foreign representatives, came together at the Solarex, the Solar Energy Fair.

We kindly present the report and statistical data related to the fair in the attachment for your information.

Regards,

Voli Fuar Hizmetleri A.Ş.

GENERAL PRESENTATION OF THE 14TH INTERNATIONAL SOLAREX ISTANBUL SOLAR ENERGY AND TECHNOLOGIES FAIR

ADDRESS BANK OF THE FAIR

Our team, which has entered a hard working period in order to successfully realize the Solar Energy Fair; At the same time, since we are a sectoral magazine publisher, it was not difficult to access information. Our understanding of publishing, which embraces the entire industry with its magazines, has been our biggest supporter at the fair. Readers of our magazine were the primary visitors to our fair.

PROMOTION OF THE FAIR:

Some of the promotional activities of Solarex Istanbul Fair are as follows:

Numerous magazines, newspapers, televisions and websites were among the publications that supported the fair. The members of the sector in the world were reached through these publications.

In addition, advertisements for the fair were published in the most important magazines of the sector.

Announcements were made to thousands of people by the relevant institutions, and news of the fair were featured on many websites and general - local media outlets.

A total of 300,000 fair invitations were distributed. 250,000 of this were distributed by Voli Fair activities and the rest in the form of customer invitations of the participants. Face-to-face marketing activities were carried out and invitations were sent to the participants.

STATISTICS: VISITOR and EXHIBITOR

Total Number of Visitors to Solarex Istanbul Fair : 33.735

Visitors' Breakdown by Days

1. Day 1: 11.425
2. Day 2: 11.588
3. Day 3: 10.722

TOTAL: 33.735

Number of Foreign Visitors: 4.875

Number of Local Visitors: 28.860

Number of Local Exhibitors: 169

Number of Foreign Exhibitors: 43

Number of Total Exhibitors: 212

VISITOR PROFILE

Mostly private sector, politics, public institutions, academia and press, sales, marketing managers, technical consultants, experts, engineers, senior managers, commercial buyers from different sectors who want to realize projects, businessmen, investors, industrial purchasing managers and officials, agencies and distributors, companies that want to get distributorship and dealership, chambers of commerce and sector institutions.

EXHIBITOR PRODUCT GROUPS

Photovoltaics

Cells, modules, inverters, measurement and control technologies, chargers, batteries, cables, connectors, junction boxes, solar tracking systems, installation apparatus, building integrated solutions (BIPV), "Stand Alone" systems, solar power plants, energy storage systems, EPC companies, gel batteries, solar cables, turnkey on-grid off-grid systems, solar pumps, cogeneration, regulators, solar lighting, power supplies, solar consumer products, wafers, materials and production equipment.

Thermal Technologies

Absorbers, coatings, collectors, fittings, expansion tanks, degassers, heat transfer fluids, measurement and control technology, assembly systems, storage tanks, production technologies and equipment, ventilation, cooling, building integrated solutions, heat treatment, solar thermal power plants.

Other

Research and development, testing institutes, industry press and other publishers, education, financing, organizations, associations, insurers, universities, consultants.
