

15TH INTERNATIONAL SOLAREX ISTANBUL SOLAR ENERGY AND TECHNOLOGIES FAIR FINAL REPORT

Solarex Istanbul Fair, which was held in the halls No. 2-4-6-8 at Istanbul Fair Center between 06-08 April 2023 was a success.

Solarex Istanbul International Solar Energy and Technologies Fair, Turkey's first and only specialized fair in its field, has successfully completed the organization. It was an organization attended by a total of 348 participants, of which 251 were domestic and 97 were foreign, and a total of 41,425 visitors followed by professionals. The desire of solar energy producers operating in Turkey to increase their quality, to become a brand, to reach new markets, and the success of Voli Fair in specific fairs, have played a major role in the industry's adoption of the fair and the fair was held successfully.

Turkey continues to develop worldwide with its rapidly increasing population, advantageous geography, and the contribution of advantageous geography to exports. One of the most important sectors that has taken action in our country is undoubtedly the solar energy sector. The developments, innovations and exemplary solidarity of the solar energy sector in recent years have been the factors that have positively affected the solar energy sector.

Producers, consumers, buyers, practitioners, domestic and international representatives and all members of the sector came together at the Solar Energy Fair.

The study report and statistical results related to the fair in attachment is respectfully submitted for your information.

Best regards,

Voli Fuar Hizmetleri A.Ş.

15TH INTERNATIONAL SOLAREX ISTANBUL SOLAR ENERGY AND TECHNOLOGIES FAIR

ADDRESS BANK OF THE FAIR:

Our team, who entered an intensive working period for the successful realization of the Solar Energy Fair; has not had any difficulty to reach information, since we were a sectoral magazine publisher at the same time. Our understanding of publishing business, which embraces the whole sector with the magazines it has published so far, has been our biggest supporter in our fair.

ANNOUNCEMENT OF THE FAIR:

Some of the promotional activities of Solarex Istanbul Fair are as follows:

Numerous magazines, newspapers, televisions and websites were also among the publications supporting the fair. Through these publications, members of the sector located all over Turkey were reached.

In addition, advertisements for the fair were published in the most important magazines of the sector. Announcements were made to thousands of people by the relevant institutions and news about the fair were included on many websites and general-local media organizations.

A total of 300.000 invitations were distributed as fair invitations. 250.000 of these invitations were distributed through Voli Fair activities and the remaining were distributed as customer invitations of the participants. Face-to-face marketing activities were carried out and invitations were sent to the participants.

STATISTICS : VISITOR and PARTICIPANT

Solarex Istanbul Fair Total Number of Visitors: 41.425

Distribution of Visitors by Days

Day 1: 13.526

Day 2: 14.845

Day 3: 13.054

TOTAL: 35.425

Number of Foreign Visitors: 5975

Number of Local Visitors: 35.450

Number of local participants: 251

Number of foreign participants: 97

Number of Participants: 348

PARTICIPATING COUNTRIES :

Germany, China, India, Bulgaria, Lithuania, Thailand

VISITOR PROFILE

Mostly private sector, politics, public institutions, academia and press, sales, marketing managers, technical consultants, experts, engineers, senior managers, commercial buyers from different sectors who want to realize projects, businessmen, investors, industry purchasing managers and officials, agencies and distributors, companies who want to buy distributorship and dealership, chambers of commerce and institutions of the sector.

PARTICIPANT PRODUCT GROUPS

Photovoltaics

Cells, modules, inverters, measuring and controlling technologies, chargers, batteries, cables, connectors, junction boxes, solar tracking systems, installation apparatus, building integrated solutions (BIPV), "Stand Alone" systems, solar power plants, energy storage systems, EPC companies, gel batteries, solar cables, turnkey on-grid / off-grid systems, solar pumps, cogeneration, regulators, solar lighting, power supplies, solar consumer products, wafers, materials and production equipment.

Thermal Technologies

Absorbers, coatings, collectors, fittings, expansion tanks, deaerators, heat transfer fluids, measuring and controlling technology, assembly systems, storage tanks, production technologies and equipment, ventilation, cooling, building integrated solutions, heat treatment, solar thermal power plants.

Others

Research and development, testing institutes, sectoral press and other publishers, education, financing, organizations, associations, insurers, universities, consultants.
